About

The Library connects people and service to enrich knowledge towards living and working in a global environment. The library collection is computerized and the library uses a library management software package for easy search and management of the vast collection. Unique Smart Card system is availed for lending books and Entrance registration. Departments have their own library to cater to the instant reference needs of faculty members. NPTEL video and web courses are also available. It uses the state-of-the-art technology in its function and services.

Vision

Library aims to be best among Engineering College libraries in the country. Library intends to incorporate the latest technology and adopt user friendly approach towards students and faculty. Library intends to offer comprehensive services related to dissemination of knowledge.

Mission

Library serves as a resource center and aims to develop a comprehensive collection of document's useful for faculty and students of the institute and provides an efficient dissemination of knowledge.

Total Item Investigations – The total number of times a content item or information related to a content item was accessed.

Total Item Requests – The total number of times the full text of a content item was downloaded or viewed.

Article Request (NON-Counter) – The number of documents requested from the server.

Page Views – The number of pages viewed on a Web site.

Searches Run – Reports the number of keyword searches performed.

Visits – Represents the number of individual durations of times visitors were on the site accessing a series of pages without 30 minutes of inactivity. A single visitor can account for multiple visits in a single day.
