Seminar on “IPR and Technology Transfer”

SUMMARY

Date: 19.12.2017

The Management Association in collaboration with the Incubation Cell organized a One Day Seminar on the topic “Intellectual Property Rights”. Mr.R.Venkatesan, Assistant Professor, Innovation Ambassador, conducted the session.

Mr.R.Venkatesan started the seminar by talking about what IPR actually is and explained its importance in the real economy. The seminar was very interactive and informative. Students were highly intrigued with the way, the various aspects of the rights to protect their brainchild. He also spoke about how startups could benefit the most out of IPR and how it could boost a business.

The different types of Intellectual Property Rights like Copyrights, Geographical Indications, Industrial Design, etc. He used real life examples to make the understanding of the subject at hand better. He also cited his own experiences to help explain the working of IPRs too. The basics of filing IPR, why it is essential, etc were also discussed.

The seminar concluded with an interactive Questions session where all the students asked their questions and doubts regarding IPR.

Sir,

**Sub: Invitation to act as Resource Person for Seminar – reg.**

Warm Greetings from EEE, KSRIET.

The Department of Electrical and Electronics Engineering has planned to conduct a seminar on “RESEARCH ADVANCEMENTS TOWARDS POWER QUALITY IMPROVEMENTS.” for the benefit of students on 17.08.2017. In this regard, we would like to invite you to act as resource person and share your valuable ideas. We are very grateful for your contribution.

Thanking you,

To,

Mr. Sathish Jadav,

Biomedikit,

Pune

Sir,

Warm Greetings.

We would like to conduct on "Recent Trends in Medical Electronics" for the benefit of third year students on **22.03.2018 & 23.03.2018** at 10.00 AM in ECE Seminar Hall. In this regard we like to invite, you to be our resource person and discuss your valuable ideas and guidelines to the students. We hope you would be able to fit this event in your busy schedule. We expect your support and reply.

Thanking you,

Electro-Physiology And Bio-Potential recording

The session started with Prayer song by third year students. Then Welcome Address was given by Head of Department **Dr. R. Nandakumar**. The Chief Guest address was given by Event Coordinator **P.Saranya, AP/ECE**. This programme helped students to understand the concept, structure, operation of Bio Medical Instruments and gain knowledge about equipment used for physical medicine and the various recently developed diagnostic and therapeutic techniques. . At the end of the session vote of thanks was proposed by **Ms.B.Latha** Asst., Professor/ ECE.

### VISION OF THE COLLEGE

To become a globally recognized institution in engineering education, Research and Entrepreneurship.

### MISSION OF THE COLLEGE

- Accomplish quality education through improved teaching learning process.
- Enrich technical skills with state of the art laboratories and facilities.
- Enhance research and entrepreneurship activities to meet the industrial and societal needs.

### ABOUT COLLEGE

KSR Educational Institutions were established in the year 1984 by our founder chairman Lion Dr.K.S.Rangasamy MJF. Here we have 16 educational institutions in our campus. In that, KSR Institute for Engineering and Technology was one of the Engineering College to our group which was established in the year 2011 with the aim of creating student community with a modernized touch of technology. The institute offers 5 under graduate programme and 4 Post graduate programmes. The college strives to achieve excellence in the field of engineering by providing exposure to latest technologically upgraded infrastructure. The institution aims to mould the student's interest by creating the benchmark where the future begins for these young minds.

### VISION OF THE DEPARTMENT

To produce globally recognized mechanical engineers and entrepreneurs to meet industrial challenges with ethical values.

### MISSION OF THE DEPARTMENT

- Provide platform to apply and analyse the engineering concepts with state of art laboratories.
- Augment the technical knowledge among the students and the faculty through research activities to meet industrial and societal needs.

### ABOUT THE DEPARTMENT

The department of Mechanical Engineering was established in the year 2011 with intake of 60 students now raised with 120. The department is well equipped with all amenities to meet the current industrial requirements. The department has a team of well qualified and experienced faculties. The laboratories are built with standards of industries. The Department is offering PG course with specialisation in CAD/CAM.

Dr.P.Murugesan is Head of Department from 2011 who has the experience of 21 years in teaching and 7 years in research with 40 research publication both National and International level.

### WORKSHOP OBJECTIVE

Today's technological approaches provide a platform for the new developments to compete globally. The primary objective of this workshop is to bring together experts from various academic institutions, industries, research organisations and professional engineers for sharing of knowledge, expertise and experience in the emerging trends and providing tips for writing research proposals, journal papers and patent filing.

### MAJOR AREAS TO BE COVERED

- ✓ Journal paper writing tips for young researchers.
- ✓ Funding agencies and funding proposal
- ✓ Patent filing

### LOCATION

The college stands as colossus at KSR Kalvinagar on Attur - Rasipuram - Erode Road (SH 79), 9km from Tiruchengode and 14km from Erode

### COURSE OUTCOMES

Upon completion of this course the participants can be apply the different concepts of Research and development.

Add value to the organization by developing your people and partners.

Encouraging recent trends and research opportunities.

### IMPORTANT DATES

Last date for application	15 February 2018
Intimation of selection	20 February 2018

### REGISTRATION FEE DETAILS

Reg.

We are delighted to inform you that the Department of Mechanical Engineering of KSR Institute for Engineering and Technology is organizing ISTE One Day National level workshop on **“Tips for writing research proposals, journal papers and patent filing”** on 27<sup>th</sup> February 2018.

The workshop brochure is enclosed for your kind reference. We request you to circulate / display this brochure among the students and faculty members of the related UG, PG Courses and Research Scholars of your institution and encourage them to participate in this workshop. We look forward to the active participation of your students and faculty members to make this workshop a grand success.

Thank you

With warm regards,

### PROFILE SUMMARY

- A dynamic professional with more than 4 years of experience in Design Engineering and execution of research FEA ,CFD based projects
- Presently working with Fit Look Design Solutions Pvt. Ltd., Tamil Nadu,India as the production with Design Engineer and Research Analyst of the company.
- Exposure in handling design engineering operations involving design & development, developing detailed drawing for fabrication, co-ordination with clients& internal departments
- Experience in gathering product specifications & designing Product Racks, Special Purpose Machinery, Telescopic Covers, Conveyors, etc. using AutoCAD and conducting structural & thermal analysis of CFD applications using COMSOL & ANSYS
- Skilled at handling multiple tasks and projects simultaneously in challenging environments with excellent relationship management skills

### ORGANISATIONAL EXPERIENCE

Since Jul'10 with Fit Look Design Solutions Pvt. Ltd., Erode Tamil Nadu ,India, Design Engineer& Research Analyst

Role:

#### Design Engineering

- Managing end to end design entailing planning & creation of conceptual & product designs, product engineering & product manufacturing designs, monitoring the on-site activities and final execution for the design plan; developing innovative fabricated designs and ensuring their installation on time
- Conducting various conversion activities such as feature conversions in sheet metal parts, first angle to third angle conversions & vice-versa and 3D model image conversion
- Undertaking reverse engineering activities such as fabrication of assemblies, casting & moulding activities, creating components' assemblies and customising them into any required size & position
- Designing layouts for various machineries & equipment like Industrial Racks and Special Purpose Machineries using Excel & AutoCAD and preparing customer based Material Handling Equipment Design
- Formulating Bills of Quantity & Material to ensure timely procurement of required goods; preparing Cost Estimation Reports and Supplier Contract Reference Detail Documents
- Preparing animations for Racking Walk Through, Mechanism Motion Parts & Assemblies, Pick & Trope and Place, etc. Using Solid Works
- Monitoring development with respect to Cost, Resource Deployment, Time Over-runs & Quality Compliance; evaluating production progress & taking adequate corrective actions; managing the processes of research, design, testing and designing flow control
- Organising, planning & coordinating the entire product design including requirement analysis, finalising parts specifications, designing, verification & validation, etc.
- Ensuring high quality of all components made and suggesting as well as implementing improvements for achieving better quality
- Identifying & developing potential vendors for achieving cost effective purchases of the materials, reduction in the prices & timely delivery; liaising with current vendors/suppliers to inform them of the requirements on time and negotiating costs to achieve cost effectiveness
- Scheduling and rescheduling supplies; budgeting & planning the funds for procurement and sourcing of materials ensuring optimum utilisation of materials and maximum cost savings
- Focussing on the optimisation of process parameters; initiating process improvements for achieving bottom line objectives & productivity targets

#### Product Analysis

- Working closely with Application Engineers to develop engineering concepts to ensure meeting and exceeding the demands of OEM customers
- Performing finite element modelling activities and simulations using ANSYS Workbench, ANSYS Frontal Solver, COMSOL Multiphysics Software
- Creating Meshing Pre-Processing Utilised in Icem-CFD, TGrid, ANSA, etc.
- Simulating results and planning for Icepak modelling, CFX and CFD -Post processor to augment thermo-mechanical responses with fluid & flow responses of various applications
- Conducting analysis activities for all applications based on material & geometric non-linear solutions such as creep, plasticity and hyper elastic solutions
- Implementing successful application of FEA in early product development stage to assess & solve structural risks

 S. K. KALVI NAGAR,  
 ENGODE - 637 215,  
 KALDI, TAMIL NADU.

- Providing assistance & support in the development of robust & reliable mechanical architecture by imparting knowledge of material properties, structural dynamics & component-level test methods to the team
- Ensuring that the final products meet the goals set for development, procurement and design components
- Providing in-house consultancy for solving structural failure from drop-test, impact, shock, random vibration and field failures
- Managing & coordinating priorities & targets for the Product Design department, ensuring that the development schedules are met and enabling collaboration of cross-functional teams
- Verifying & validating FEA models through experimentation, hands-on testing and conducting tear down activities of failed products
- Performing Tolerance Analysis and other miscellaneous analytical tasks while contributing to CAE Global Best Practice documentation

**Projects Handled:**

- Project:** Telescopic Cover Design, Textile Machineries, CNC Machine Enclosures  
CNC Machine Control Panel & Operating Panel
- Client:** Craftsman Automation, Coimbatore
- Duration:** Contract Basis [2010-2012]
- Methodology:** Re-engineering concepts to create models with assembly-onsite
- Softwares used:** Solid Works 2012-14, CATIA v5R16, Unigraphics Nx5
- Objective/description:** The Equipment was based on design & assemblies. Light weight, high strength & compact designs were developed & implemented to the products as per the client's requirements
- 
- Project:** Mezzanine Floor & Crane, Special Purpose Machineries and Special Components
- Clients:** Sakthi Engineering, Chennai
- Duration:** Contract Basis [2010- present]
- Methodology:** Preparing layouts to be consumed by the model and assembly
- Softwares used:** Solid Works 2012-14
- Objective/description:** Load based product was customised as per the client's needs and changes were made to the structure of the product. Quotations & assemblies with walk through animation flow were made
- 
- Project:** **Fuel Cell**, Heat Exchanger, Centrifugal Pumps & Impellers, Solar Water Heater, Composite Material and Non-Materials in Fibber Composites
- Client:** PhD. Scholars & Master of engineering Students
- Duration:** 2012- present
- Methodology:** Preparing literature & survey, defining problems & computational fluid on dynamic basis and comparing solutions optimisation results
- Softwares used:** Solid works 2014, COMSOL 4.3, ANSYS 14.5
- Objective/description:** The research topics & areas for the research scholars were declared after the confirmation of the abstract body. Literature on varying parameters was prepared and problem identification was surveyed based on the given best performance results numerically and analytically with experimental aspects. Finally, the process was validated to write manuscripts & publish scope indexed journals such as Science Direct, ARPN, etc.

**Brief write up about the Program:**

The seminar commenced at 10 o, clock. Dr. R. Mani, Professor, Mechanical welcomed the gathering. Dr. Venkatesan, The Principal of the college delivered the principal address. The technical session started with an excellent and interactive presentation on the "patent filling" by Mr.Prem Charles, Director Allinov R&D, India. The importance to file patents and the patent filing procedures were stressed in the presentation. The patents classified into IPC (International patent classification), USPC (United States patent classification) and CPC (Cooperative patent classification).

In the second session Dr.vairavel madeshearan, Kalaivani Research and Development,Erode delivery the tips for writing research proposal and identification of research problem, research sourced and review, statistical tools for research, manuscript preparation for referred journal.

The afternoon third session of the workshop was started by explaining the "journal paper preparation" by Dr.vairavel madeshearan, Kalaivani Research and Development,Erode

The workshop on patent filing created great awareness among students, research scholars and faculty of KSRIET College about the important concepts related to research proposal, journal papers and patent issues.

The seminar came to an end at 4 pm with the vote of thanks by Mr.R.Nirmalraja, AP/mech.

## Workshop on " IOT Analytics using Raspberry PI 3"

Academic Year :	2017 - 2018	Date :	20.02.2018 & 21.02.2018
-----------------	-------------	--------	----------------------------

### Introduction

This report is regarding about the Guest Lecture from **Dr.A.Athif Shah – Head & CEO, ABC Semiconductors** on **IOT Analytics using Raspberry PI 3**. At first he started up with the general topic what is Prototype.

### Session-I (Introduction)

In the First session he discussed about the basics of Internet of Things, Javascript and Wireless Sensor Networks.

### Session-II (IoT Hardware and Standards)

In this session he explained for best Practices of Wireless sensor network(s) Gateway/hub/concentrator, Mobile network, Mobile operating system.

### Session-III (IoT and Artificial Intelligence)

In this session he trained the students interrelated computing devices, mechanical and digital machines.

### Session-IV (IoT Communication Protocol, Introduction to Arduino Platform)

In this session he explained the Arduino Basics, Network Accessing Platforms, Bluetooth, Extensible Messaging and Presence Protocols

### Feedback by the Students

- This Two Day Workshop was really very useful and an Interesting one.
- He interacted with us a lot and he thought us many new things for Network Accessing Platforms.
- Needed two to three days training for gaining more knowledge in Arduino Platforms.

Sir,

Warm Greetings.

We would like to conduct a Workshop on "Big Data Analytics" for the benefit of IV& III B.Tech (IT) students on 05.08.2017. In this regard we like to invite, you to be our resource person and discuss your valuable ideas and guidelines to the students.

We hope you would be able to fit this event in your busy schedule. The students will benefit a lot on the topic. We expect your support and reply.

Thanking you.

## One Day Seminar on “Copyright and Patents”

Academic Year : 2017-2018 (EVEN)

Date : 14.02.2018

### Report

This report is regarding about the Seminar from Mr. T.Gowtham, Shift Lead, Wipro Technologies, Chennai. Mr. T.Gowtham started by explaining the Intellectual property right (IPR) is the rights granted to the creators of intellectual property and includes trademarks, copyrights, patent, industrial design rights and some jurisdictions and trade secrets. Rather than protecting possessions, intellectual property law protects exclusive rights to use or reproduce the intellectual property (IP). Copyrights protect expression while patents protect inventions and neither protects ideas. The seminar on IPR created great awareness among students about the important concepts related to IPR, copyrights and patent issues. The programme included discussions on the importance of IPR and their protection, an overview on copyright systems in India, identification of IP, patenting tools, procedure, etc.
