

K S R Institute for Engineering and Technology

Tiruchengode, Namakkal (Dt), Tamil Nadu

(Approved by AICTE New Delhi & Affiliated to Anna University Chennai)

BE (CSE, EEE, ECE, Mech) & B.Tech (IT) Programmes are Accredited by NBA

3.5.1 Faculty exchange, Student exchange, Internship, Field trip, on-the- job training, research for the Academic Year 2017 - 2018

INDEX

Title of the collaborative activity	Page No.
Inplant Training / Internship / Project	2 – 209
Industrial Visit	210 – 412
Faculty Training	413 – 441

Inplant Training / Internship / Project

IPT COMPLETION CERTIFICATE

Date: 05.12.2017

TO WHOM IT MAY CONCERN

This is certify that **Mr. BALAJI M** (Reg.No: 731615104005) from KSR Institute For Engineering and Technology has successfully completed his **In-Plant Training** in our organization for the partial fulfillment of his **B.E-CSE** degree for a period starting from **27.11.2017** to **5.12.2017**

During this period he had undergone training on "JAVA" and had shown an exemplary attitude and approach.

Wishing Him the Very Best Forever

SANDS Profile

Signals And Systems (India) Private Limited better known in the industry with Brand name as SANDS is an 22 Years old manufacturing company and we manufacture a wide range of niche products, for use in energy sector, with focus on reduction of commercial loss, and energy / demand management system. All products employ state-of-art embedded technology, and are tested to international standards. While the performance is comparable to international brands, the price is very competitive in the market.

SANDS offer a complete end-to-end Revenue Protection Services for Power Utilities, covering all components of energy to revenue chain – starting from substations to consumer premises. The focus is on revenue improvement with minimal capital investments.

SANDS is one of the largest utility service provider in India with a cumulative meter reads of more than 20 Million, which includes high voltage, commercial and domestic consumers.

SANDS conduct various training programs in Embedded Systems, with focus on bridging the gap between the university curriculum and industry's requirement for ready-to-design engineers.

SANDS plans to commence engineering services in Embedded Systems, covering the design, development and manufacture. The services will include Systems Architecture Design, Hardware Engineering, Software Development, Prototyping and Testing, in Embedded Systems & Microcontroller verticals.

We Conduct Workshops, Seminars, Guest Lectures, Faculty Development Programs, Project Guidance, Internships and Skill Enhancement Courses in Embedded Systems Design, Internet of Things & Big Data.

We prefer students & staffs mainly from ECE/EEE/EIE/ICE/Mechatronics/CSE/IT who is interested in Embedded Systems, Internet of Things and Big Data area.

We look forward to hear from you and hope to have long standing relationship with you in near future too.

***Pantech ProEd Pvt Ltd.,* Coimbatore**

Chung Joon, CEO of Pantech

Since its foundation in 1991 with the objective of making human life more convenient through the implementation of cutting-edge information technology, Pantech has never stopped in its endeavor to take a leap forward by turning a crisis into an opportunity through continuous innovation and by meeting bold challenges even during the numerous crisis caused by fast advancing technologies and the paradigm shifts in the industry.

We are entering the era of the creation of new values and innovations as mobile telecommunication is advancing through the Internet of Things (IoT), virtual reality (VR) and artificial intelligence (AI). Pantech expects that the global business environment will face a great deal of turbulence caused by new innovations represented by convergence and compositeness as existing barriers between businesses and products collapse. Pantech's achievements and technical progress however, would not have been possible had there not been loyalty from their customers.

In return for all the attention we have received, we, the executives and staff members, will come up with a practical alternative which will be suitable for the new market environment through continuous training and research. By nurturing our strengths, including our challenging spirit, our innovation skills, good judgment and new ideas for finding capabilities, we will dedicate our best efforts in making Pantech a long-living corporation. We will prove that Pantech can channel its potential into mainstream success as a global IMD enterprise and provide what customers need most in the future.

OFFER LETTER1st June 2018.

NANTHA KUMAR S
1/75, Arunthathiyar Street,
Sarkar Mamundi, Tiruchengode(Tk),
Namakkal(Dt)

Email Id: nanthakumar1997sekar@gmail.com

Dear Nantha Kumar S,

It is our pleasure to appoint you as **Software Engineer** in Headrun Technologies Pvt Ltd. Please note that the employment terms contained in this letter are subject to the Company policy.

APPOINTMENT

- Your date of appointment is effective from the date of joining which will be **1st June, 2018.**

You will be on probation for a period of 6 months from the date of your appointment. On completion of the probation period, your appointment shall be confirmed and communicated to you in writing if the Company finds you to be suitable for the appointed post. Unless confirmation is communicated in writing, your probation period is deemed extended.

- Your Work timings are 9:00 am to 6 p.m. However this is subject to change depending on management. The regular working hours will be 9 hours with two breaks in total.
- This offer of appointment is subject to your successful completion of all curricular requirements as laid down by the University/Institution for award of the degree/diploma and the requirements, including aggregate, specified by Headrun Technologies Pvt Ltd. for your role.
- Kindly ensure you submit the second copy of the appointment letter signed by you on the day of receipt of your offer letter.

Date: 04/01/2018

OFFER LETTER

Dear Sowanthirya M,

Subsequent to our discussions, we are pleased to offer you employment with Headrun Technologies Private Limited. Your date of joining shall be the 1st of June 2018.

Designation: You will be designated as Software Engineer.

Compensation: Headrun shall offer you a CTC of Rs. 2.52 Lac per annum which will be subject to statutory deductions including but not limited to tax at source as per statutory regulations. This is subject to changes as per company standards.

CTC Breakup: Fixed Salary –17500: Variable –2500: Gratuity - 1000.

You will be on probation for a period of 6 months from the date of your appointment. During probation you will be entitled to receive INR 17500 monthly which will be subject to statutory deductions including but not limited to tax at source as per statutory regulations. On completion of the probation period, you will be eligible for the variable pay of INR 2500 and your appointment shall be confirmed and communicated to you in writing if the Company finds you to be suitable for the appointed post. Unless confirmation is communicated in writing, your probation period is deemed extended.

The terms of this offer are strictly confidential between you and Headrun.

We take pleasure in welcoming you to Headrun and look forward to your contributions in growing the business. Please sign and return this offer letter as a form of acceptance, by Saturday failing to which Headrun may treat the offer as rescinded.

P.S. This offer is contingent upon signing the service agreement for two years from the date of joining and submitting documents related to your completion of degree. Further details of the terms and conditions of employment will be mentioned in the employment offer.

Best Wishes,

For Headrun Technologies Private Limited,
Garima Shukla
HR Manager

Acceptance:

I have read and understood the terms and conditions of the offer and am happy to accept them for employment at Headrun.

LETTER OF INTENT

Ref: SL/HRM/008/0056/Chennai

Date: 1/11/2018

Dear **Mephy Mony**,

Thank you for exploring career opportunities with Shinelogics Infotech Pvt Ltd. We are happy to inform that you have successfully completed our initial selection process and shortlisted for the position of DEVELOPER TRAINEE under the pay grade B & Rs. 204001/- per Annum Gross CTC but subject to your fulfillment of the following terms & conditions.

Broad Terms & Conditions:

1. You will report to Shinelogics for training on **Jan 20th, 2018** and register yourself formally for the Pre-Employment Training Program.
2. Your Training period will be up to **July 20th, 2018** and Joining Date will be intimated upon your successful completion of training program.
3. You are advised to submit all the necessary Original Documents requested.
4. Offering permanent position to you will be purely based on business requirements of the Shinelogics and based on stack ranking of your performance during the Training period.
5. If you are offered a permanent position then you shall be required to sign a separate and a comprehensive Offer and Joining letter.
6. Please be aware that this letter of Intent does not constitute a guarantee or contract of employment.
7. You are not eligible for any remuneration or stipend from Shinelogics during the training period.
8. Please note that Shinelogics does not charge any fee at any stage of the recruitment or training process.
9. You are expected to follow the standing order of the company which may change from time to time.
10. Terms and conditions related to training process and employment will be shared with you through mail and will be considered as accepted by you by signing this copy.

As a token of acceptance please sign duplicate copy of this letter and return us. This letter doesn't need signature and can be verified for authenticity through document ID above.

Welcome to Shinelogics Infotech (P) Ltd!

PLACE OF VISIT: Tamil Nadu Newsprint and Papers

DATE OF VISIT: 28.07.17

As we went to industrial visit at Kanne, for ~~two~~ ~~day~~ one day on date (28.07.17) on that day we visited Tamil Nadu Newsprint and Papers Ltd. On that day they have explain about how to operate the paper mill sector and fundamental analysis. I have learned the modern paper mill uses large amounts of energy, water and wood pulp in an efficient and complex series of processes and control technology to produce a sheet of paper that can be used in diverse ways.

It was very useful session for me I have learned in ~~poor~~ practical manner.

UNDERTAKING FROM STUDENTS

INDUSTRIAL VISIT

Industrial Visits are arranged for the benefits of the students as a part of technical education in this institution. As the industries are located at faraway places from the institution the students have to travel by bus/ train at their own expenses.

In this connection, the parents are hereby informed that the institution will not be responsible for any untoward incident/accident that take place while in travel or at the industries causing injuries of any kind to the students. Parents are also requested to advise their wards to maintain discipline at public places and take care of their health while in travel.

UNDERTAKING

I hereby agree to allow my son /daughter Jyoti Poixa Chaitin of II.CSE to take part in the industrial visit arranged by the college willingly, bearing the expenses and taking responsibility for any untoward incident/accident.

Places of Visit 1. Lulu Mall 2. Kochi Fort 3. _____ 4. _____

Dates of I.V. : 28-07-2017 to 29-07-2017

web design, web development. We attended a lecture for two hours (11.00AM to 1.00PM) over web designing, HTML, CSS designing and how to create own website using HTML and CSS and some of our students asked questions who gave lecture for us. He answered us for the questions and opportunities of the company side. The 2 hours session is interesting to us. After completed visit we gone to wonderala Theme park (2.00 PM to 6.00 AM) and (6.00 PM to 8.00 PM) local Bazaar.

Day 2: We went to (8.30 AM to 10.30) Chottanikara Temple. After visit the temple we went to Hill place and Lulu Mahal. We had a lunch at 2.00 PM. After complete the lunch we went to (2.30 PM to 6.00 PM) Boating at Marine Drive and returned to local Bazaar at 6.00 PM and we spend a day there and returned to hotel around 9.30 PM at Return to college

The HOD

Department of EEE

KSR Institute of Engineering & Technology, Namakkal

Dear Sir,

Greetings from Wonderla, Kochi !

As per the communication from your end, we are glad to permit industrial visit for the 2nd year EEE students from K S R Institute of Engineering & Technology, Tiruchengode on 28.07.2017 at Wonderla, Kochi. The time for industrial visit will be intimated to you after reaching the park.

As the industrial visit takes place inside the park, the purchase of entry tickets is compulsory. Please contact Help Desk with your booking number, on the day of visit for further proceedings.

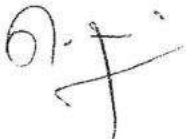

Please intimate us in advance if there is any change in your schedules.

For any further assistance, please feel free to contact us.

Thank you

Regards,

Business Development

INDUSTRIAL VISIT REPORT

Academic year : 2017-2018
Semester : ODD
Batch : 2016-2020
Year/ Sec : II/A&B
Place : Kerala
Company : Traco Cable Company Limited
Faculty Accommodated: (1) Mr.T.Marthandan (2) Mrs.R.Leelavathi

An Industrial visit to “Traco Cable Company”, Kerala was visited by the ECE II year on 14th July 2017. Fifty Six students and two faculty members visited the Traco Cable Company to interact with the Industry to understand current market scenarios, latest most- demanding technologies. In this visit students were very eagerly waiting for listening to industrial higher authorities. In the Forenoon at 10:30 am we visited to Traco Cable Company. We divided our students in the batch of 8 students per batch for the visit and the interaction with the industry person.

Traco Cable Company Founded in the year 1964 at Kochi, Kerala, “Traco Cable Company Limited” are engaged in the manufacturing and exporting a quality assortment of Aluminium Conductor, Electric Cable, Electric Wire, XLPE Cable and Insulated Cable. Also, strict superiority checks are been approved by them over the entire assortment, to assure that their products are faultless and are in fulfillment with the norms defined by the industry.

INDUSTRIAL VISIT

Dear Sir/Madam,

We are pleased to receive 38 students of third year ECE department with accompanying faculty members of your college for an industrial visit to our IT CENTER of our company on the 14th July 2017.

Let them be hereby 11 AM on that day.

Let the students bring a formal request addressed to us, duly signed by yourself or H.O.D complete with a proper list of students and accompanying faculty in the group.

We shall be issuing a GROUP participation certificate immediately after the conclusion of the industrial visit.

With warm regards

Sincerely

For Chips Software Systems

Industrial Visit - Group Participation Certificate

Ref: IV/CSRS/2017 Date: 18/07/2017

This is to certify that 34 students of M.E.C.E. (C) and 10 members of faculty from K.S.R. Institute for Engineering and Technology had come to our company on an Industrial Visit today. Details of visit are noted below:
 Time of arrival: 1.00 PM

● Items in which IV students participated in:

- ✓ Talk by Director on the need for the development of Soft Skill.
- ✓ Audio-Visual presentation on Software Development: Problems on the field
- ✓ Audio-Visual on applications on Dot.net
- ✓ Audio-Visual on software Training for visually handicapped persons
- ✓ Audio-Visual on Software Testing

Other Items:

- ✓ Audio-Visual on Electronics & Communications
- ✓ Audio-Visual presentation on Entrepreneur Development

● General Comments on the Visit:

We hope that the students have benefitted from this visit. The students or any members of the faculty of the college are always welcome to contact us for any technical assistance.

INDUSTRIAL VISIT REPORT

Academic year : 2016-2017
Semester : ODD
Batch : 2015-2019
Year/ Sec : III/A
Place : Kerala
Company : Chips software
Faculty Accommodated: (1) Mr.S.Chelladurai (2) Mrs.W.Deva Priya

An Industrial visit to “Chips Software Solution Pvt.Ltd”, Kerala was visited by the students of III ECE on 14th July 2017. Thirty Six students and two faculty members visited to Chips Software Solution Pvt.Ltd to interact with the Software Industry to understand current market scenarios, latest most- demanding technologies & criteria for selection and etc. In this visit students were very eagerly waiting for listening to industrial higher authorities. At 09:30 am, we visited to Chips Software Solution Pvt.Ltd. We divided our students in the batch of 8 students per batch for the visit and the interaction with the industry person. The Technical team of Chips Software Solution Pvt.Ltd conducted very informative session for the students. Also they motivated the student with the new technology and current scenario. They also guided the students to select the areas like web development, mobile application development & software testing etc. and its importance in the current software market. They also guided on PHP technology which is their working technology. Finally they gave a brief introduction about the management and organization of Chips Software Solution Pvt.Ltd .The session was concluded with Question-Answer session. Many of the students asked different questions to the Technical Head on current demanding technologies, market scenarios etc. and cleared all the doubt and myths which was in students mind about the technologies and IT sector.

The success story of Anna Group began in 1968, when its founder Sri M.C. Jacob ventured into manufacture of superior Aluminium products. Anna Aluminium offers a complete range of aluminium products to suit all household and commercial needs. From fast selling utensils to anodized aluminium extrusions and aluminium sheets for construction industry, Anna Group has expanded its possibilities. These high quality products made from 99.5% pure aluminium have found strong market ground in India as well as abroad, like the Gulf, Africa, Australia and the U.S.A. The company has also established a wide retail network and an extended chain of exclusive showrooms.

Anna Group started out as an aluminium products manufacturer over 43 years ago, and expanded into other sectors such as food and spices, textiles and more. The group is committed to quality and highly adept in identifying new business opportunities and challenges. After Anna Aluminium, its flagship company, Anna Group also established a textile unit, Kitex. The ScooBee Day and Trawellday Bags division under Kitex caters to the constant demands for school bags, travel bags and similar products. Saras Spices, launched in 1979, is a major player engaged in the processing and distribution of spices, branded curry powders and masalas. Anna Group has always been focused on expanding its possibilities through diverse products and brand portfolio. From fast selling Aluminium utensils to much-in-demand anodized aluminium extrusions, Anna Group is consistently developing its potential. The company's state-of-the-art manufacturing units produce Aluminium sheets which are in high demand in the construction industry.

Manufacturer of a wide range of products which include Chakson Non Stick Cookware, Aluminium Vessels, Thermal Cookers, Utensils, Chakson Pressure Cookers and Multi Steamers.

PRODUCT & ITS APPLICATION:

Several size and shape of utensils and containers like pans, boiling cooker, frying pans, baking pans, etc. are used in cooking. Serving utensils consist of containers, trays, etc. Dining utensils include various sizes of plates, bowls and cutlery items like spoons, fork, spatula, knives etc. These products are made from clay, glass, ceramics, wood, and metals like cast iron, brass, bronze, copper, mild steel, stainless steel, and aluminum. Modern materials like plastics are also popular for non-cooking utensils. Aluminum has advantages over other materials due to better strength with lower weight, higher heat conductivity, resistance to heat, and easy pliability to shape.

Feedback

We learned how the products are manufactured from various aluminium composition and their mechanical properties. Different machines and tools are used to finish a product from raw material .

Evolution of RPG :

The fascinating journey of how the RPG Group came in to existence.

The Beginning

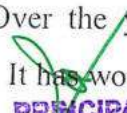

More than a century in the making, RPG's history can be traced back to the early 1800s when, Ramdutt Goenka came to Calcutta from a small town in Rajasthan, a state in Western India famous for its businessmen, to get into business with the British East India Company. Once there, he linked up with several British firms and expanded his business rapidly. Over the course of time, the company established itself in diverse business sectors such as banking, textiles, jute and tea.

RPG Today

The 1980's saw further acquisitions by the RPG group, the first being CEAT Tyres of India in 1981. The group then went on to acquire KEC (1982), Searle India, now RPG Life Sciences (1983), Dunlop (1984), Gramophone Company of India Ltd, now Saregama India (1986) and finally CESC, Harrisons Malayalam, Spencer & Co. and ICIM (1989). In the year 2010, the group businesses were divided between Rama Prasad Goenka's sons, Harsh and Sanjiv. Harsh Goenka leads the Mumbai head-quartered RPG Enterprises (also known as RPG Group), which consists of over fifteen companies across core sectors of the economy, with a turnover in excess of US \$3 billion.

FACILITIES

The Mysore unit of RPG Cables is the largest and most diversified cables manufacturing facility in the southern India. Over the years, the cables manufactured at Mysore have been exported to over 50 countries. It has won several quality and other Awards since inception.

CABLE TYPE

SPECIFICATION

Jelly Filled Telecom Cables	Up to 2400 pair
Optical Fiber Cables	Up to 288 Fiber
Power Cables	Up to 1000 sq.mm
Control Cables	Up to 61 cores (1.5 and 2.5 sq.mm.)
Instrumentation Cables	0.5 sq. mm. to 4 sq. mm.

Optical fiber cables

RPG cables have one of the finest Optic fiber cable plant in the country manufacturing and supplying a wide range of cables, servicing the telecom industry in India and abroad.

- Single mode / Multi mode
- Duct (unarmoured) Cables with Nylon & PE sheath
- Armoured (direct burial) Cables (Single Sheath & Double Sheath)
- Self-supporting Cables both ADSS (All Dielectric Self Supporting) and Fig 8 construction
- Uni-tube and multi-loose tube construction
- 2 fibers to 288 fibers cables
- Custom made cables as per customer specifications

Feedback

Learned about the various types of cable manufacturing. Also we know how the optical fiber cables are working and how the data transmission is done inside of the cable. The technical superiors have explained well and clarified all our doubts.

Respected Sir,

As we have planned to go for an Industrial Visit to BANASURA SAGAR DAM, WAYANAD on 13.07.17. We kindly request you to permit the IV year Mechanical students (91 No's) along with us (K.VIJAY, A.V.T.SUBASH, S.BASKARAN, K. KAVINRAJ). We will take care of them. We enclose the list of students those who are going for industrial visit.

Thanking You

UNDERTAKING FROM STUDENTS

INDUSTRIAL VISIT

Industrial Visits are arranged for the benefits of the students as a part of technical education in this institution. As the industries are located at faraway places from the institution the students have to travel by bus/ train at their own expenses.

In this connection, the parents are hereby informed that the institution will not be responsible for any untoward incident/accident that take place while in travel or at the industries causing injuries of any kind to the students. Parents are also requested to advise their wards to maintain discipline at public places and take care of their health while in travel.

UNDERTAKING

I hereby agree to allow my son /daughter P. Raghu of IV-Vr to take part in the industrial visit arranged by the college willingly, bearing the expenses and taking responsibility for any untoward incident/accident.

Places of Visit 1. wayanad 2. hydro power 3. cochin 4. _____
Plant

Dates of I.V. : 14.7.2017

KSR ISNTITUTE FOR ENGINEERING AND TECHNOLOGY	
DEPARTMENT OF MECHANICAL ENGINEERING	
ACADEMIC YEAR : 2017 - 2018	
Name of the Company : Banasura Sagar Dam (Hydro Power Plant)	Date of Visit : 14/07/2017
Name of the Student : S.Mohan	Year/Semester : IV/VII
Name of the faculty : K.Vijay, AP/Mech A.V.T.Subash, AP/Mech S.Baskaran, AP/Mech K.Kavinraj, AP/Mech	

Banasura Sagar Dam, which impounds the Karamanathodu tributary of the Kabini River, is part of the Indian Banasurasagar Project consisting of a dam and a canal project started in 1979. The goal of the project is to support the Kakkayam Hydro electric power project and satisfy the demand for irrigation and drinking water in a region known to have water shortages in seasonal dry periods.

Large-scale hydroelectric power stations are more commonly seen as the largest power producing facilities in the world, with some hydroelectric facilities capable of generating more than double the installed capacities of the current largest nuclear power stations. Although no official definition exists for the capacity range of large hydroelectric power stations, facilities from over a few hundred megawatts are generally considered large hydroelectric facilities.

Hydroelectric power generation is by far the most efficient method of large scale electric power generation. See Comparison Chart. Energy flows are concentrated and can be controlled. The conversion process captures kinetic energy and converts it directly into electric energy. There are no inefficient intermediate thermodynamic or chemical processes and no heat losses. The overall efficiency can never be 100% however since extracting 100% of the flowing water's kinetic energy means the flow would have to stop.

The conversion efficiency of a hydroelectric power plant depends mainly on the type of water turbine employed and can be as high as 95% for large installations. Smaller plants with output powers less than 5 MW may have efficiencies between 80 and 85 %.

 PRINCIPAL,
 K. S. R. INSTITUTE FOR
 ENGINEERING AND TECHNOLOGY,
 K. S. P. KALVI NAGAR,
 TIRUCHENGODE
 NARASIPALAI, TAMIL NADU

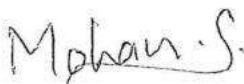

It is however difficult to extract power from low rates flow.

The farther the water falls, the more power it has. Generally, the distance that the water falls depends on the size of the dam. The higher the dam, the farther the waterfalls and the more power it has. Scientists would say that the power of falling water is "directly proportional" to the distance it falls. In other words, water falling twice as far has twice as much energy.

More water falling through the turbine will produce more power. The amount of water available depends on the amount of water flowing down the river. Bigger rivers have more flowing water and can produce more energy. Power is also "directly proportional" to river flow. A river with twice the amount of flowing water as another river can produce twice as much energy.

Feedback

A doubt solving session with the Control Room Incharge cleared all our queries. This kind of industrial exposure helped us to absorb the theoretical aspects of Power Plant and Power Electronics Engineering more efficiently.

Industrial Visit - Group Participation Certificate

Ref : IV/KSR /2017

Date : 29/07/2017

This is to certify that 37 students of B.TECH.-INFORMATION TECHNOLOGY and 04 members of faculty from KSR INSTITUTE OF ENGINEERING AND TECHNOLOGY KALVI NAGAR had come to our company on an Industrial Visit today. Details of visit are noted below;

Time of arrival : 2:50 AM/PM

- Items in which IV students participated in :
- ✓ Talk by Director on the need for the development of Soft Skill.
 - ✓ Audio-Visual presentation on Software Development : Problems on the field
 - ✓ Audio-Visual on applications on Dot.net
 - Audio-Visual on software Training for visually handicapped persons
 - Audio-Visual on Software Testing
 - Other Items; Audio-Visual on Electronics & Communications
 - Audio-Visual presentation on Entrepreneur Development

REPORT FOR INDUSTRIAL VISIT

DATE: 29.07.2017

We the students of II year IT went for an industrial visit to Cochin on 28th and 29th July 2017. We were a crew consisting of 21 male and 16 female students with 4 faculty members making a total of 41.

DAY ONE: 28.07.2017

First we started from college on 27th July 2017 by 11.00pm and reached Munnar on 6am. We refreshed ourselves in the hotel which we booked earlier named Munnar Days.

We had our breakfast at 9am in the hotel itself. We checked-in and started to explore through jeep transport. First we visited Rose Garden by 9.30am then we moved on to the Photo Point and Echo Point on 11.30am then started our lunch at 1.00pm, after the completion we travelled to the Mattupetty Dam at 2.00pm, then we moved onto shopping at 4.00pm, then we moved onto dinner at 7.00pm. After that we had a campfire at 8.00pm on the same hotel we checked-in.

DAY TWO: 29.07.2017

We started our second day from the same hotel, we checked-out the hotel by 5.30am. Then we had our breakfast by 8.30am on the way to Cochin. Then we travelled for nearly four hours. We reached Cochin by 10.00am. Then we moved to Chips Soft Technologies by 10.00am. After that we took our lunch at 12.30pm and moved on for boating at 1.00pm. After that we moved out to the shopping to the Bazaar Street. Then we explored Lulu Mall. Then we had our dinner at 8.00pm near Lulu Mall. At 9.00pm we started our return travel.

REPORT FOR INDUSTRIAL VISIT

Date:19.07.2017

We,the students of 3rd year IT went for an industrial visit to Mysore on 14th and 15th july, 2017.We were a crew consisting of 22 male students,14 female students and 3 faculty members making the total of 39.

DAY 1:(14.7.2017)

First we started from college on 13th july,2017 by 11:00 pm and reached **Mysore** on 6:00 am.We refreshed ourselves in the hotel which we booked earlier named **Maharaja Residence**.

We had our breakfast by 8:30 am near the hotel that we checked-in and started to explore through bus transport.First we visited **Golden Temple** by 9:30 am then we move on to the **Dubare forest** by 10:30am.Then we start our lunch at 12:30pm after the completion we travelled to the **Madikeri port** at 1:30pm then we move on to **Abby falls** 2:30pm after that we move on to shopping by 4:30pm.Then we move on to **Campfire** by 6:30 pm after that we move on to had our dinner by 8:00pm We stayed in Mysore for a night in the same Residence.

DAY 2:(15.7.2017)

We started our 2nd day from the same Residence,we checked out the Residence by 8:00am then we had our breakfast by 8:30am near by the hotel. Then we move on to **Brindavan Garden** by 10:00am after that we move on to **Mysore Zoo** by 11:30am.Then we move on to **Mysore Palace** by 1:00pm after that we had our lunch by 2:00pm.

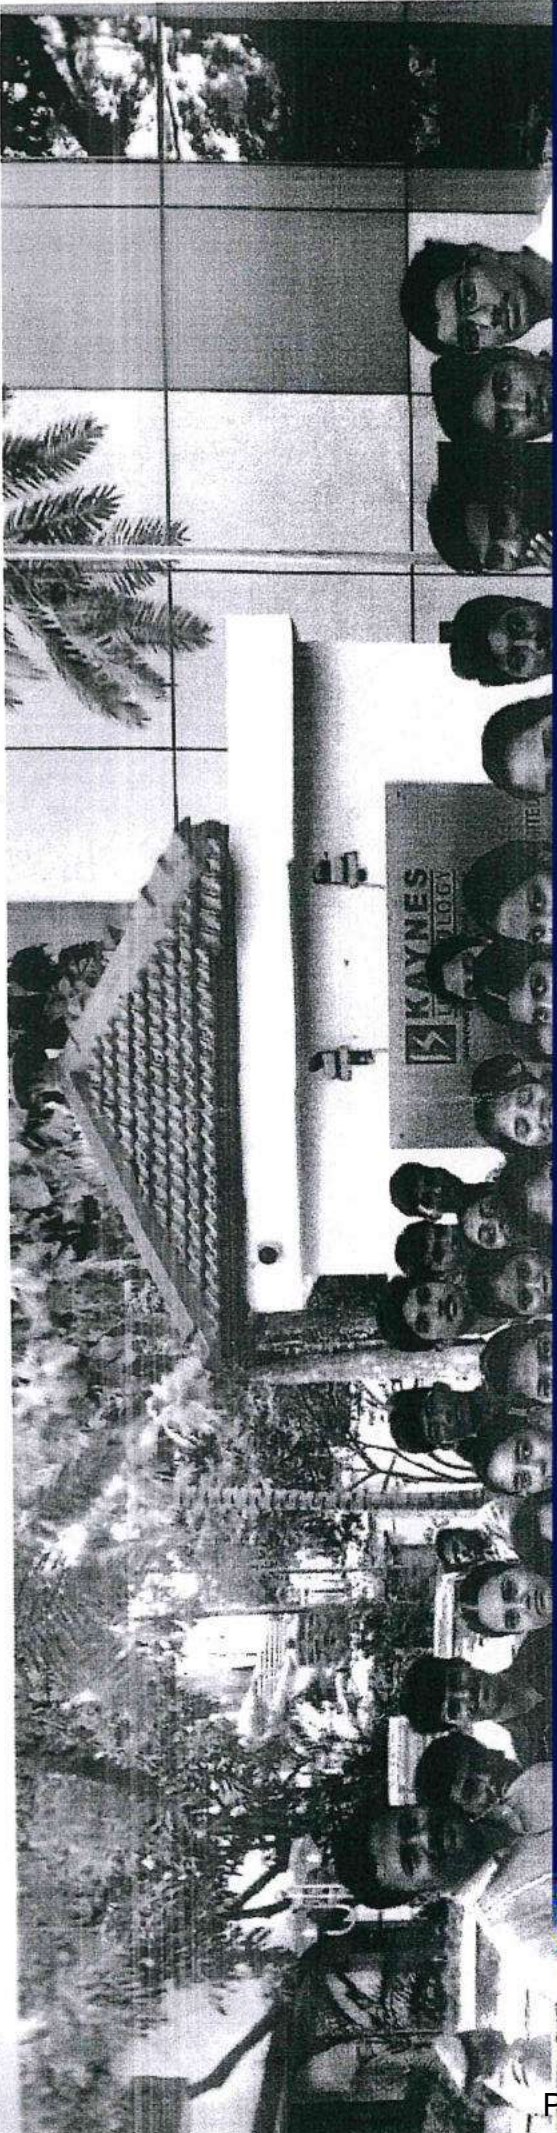

Then we visited **Kaynes** company by 3:00pm.It is a software company providing customized solutions.They took us for a campus tour for nearly half an hour and then they gave us a presentation on advanced technologies like cloud computing and asp,there area of experitise,what they are actually doing inside the company and elaborated the students about the need of fresh knowledge youngsters.

They clarified the student's queries on how to start a project,what are all the areas of research they can proceed with,what is their core on,and etc..We had on interactive session with them and on a whole,the chance of visiting such industry was a great opportunity.

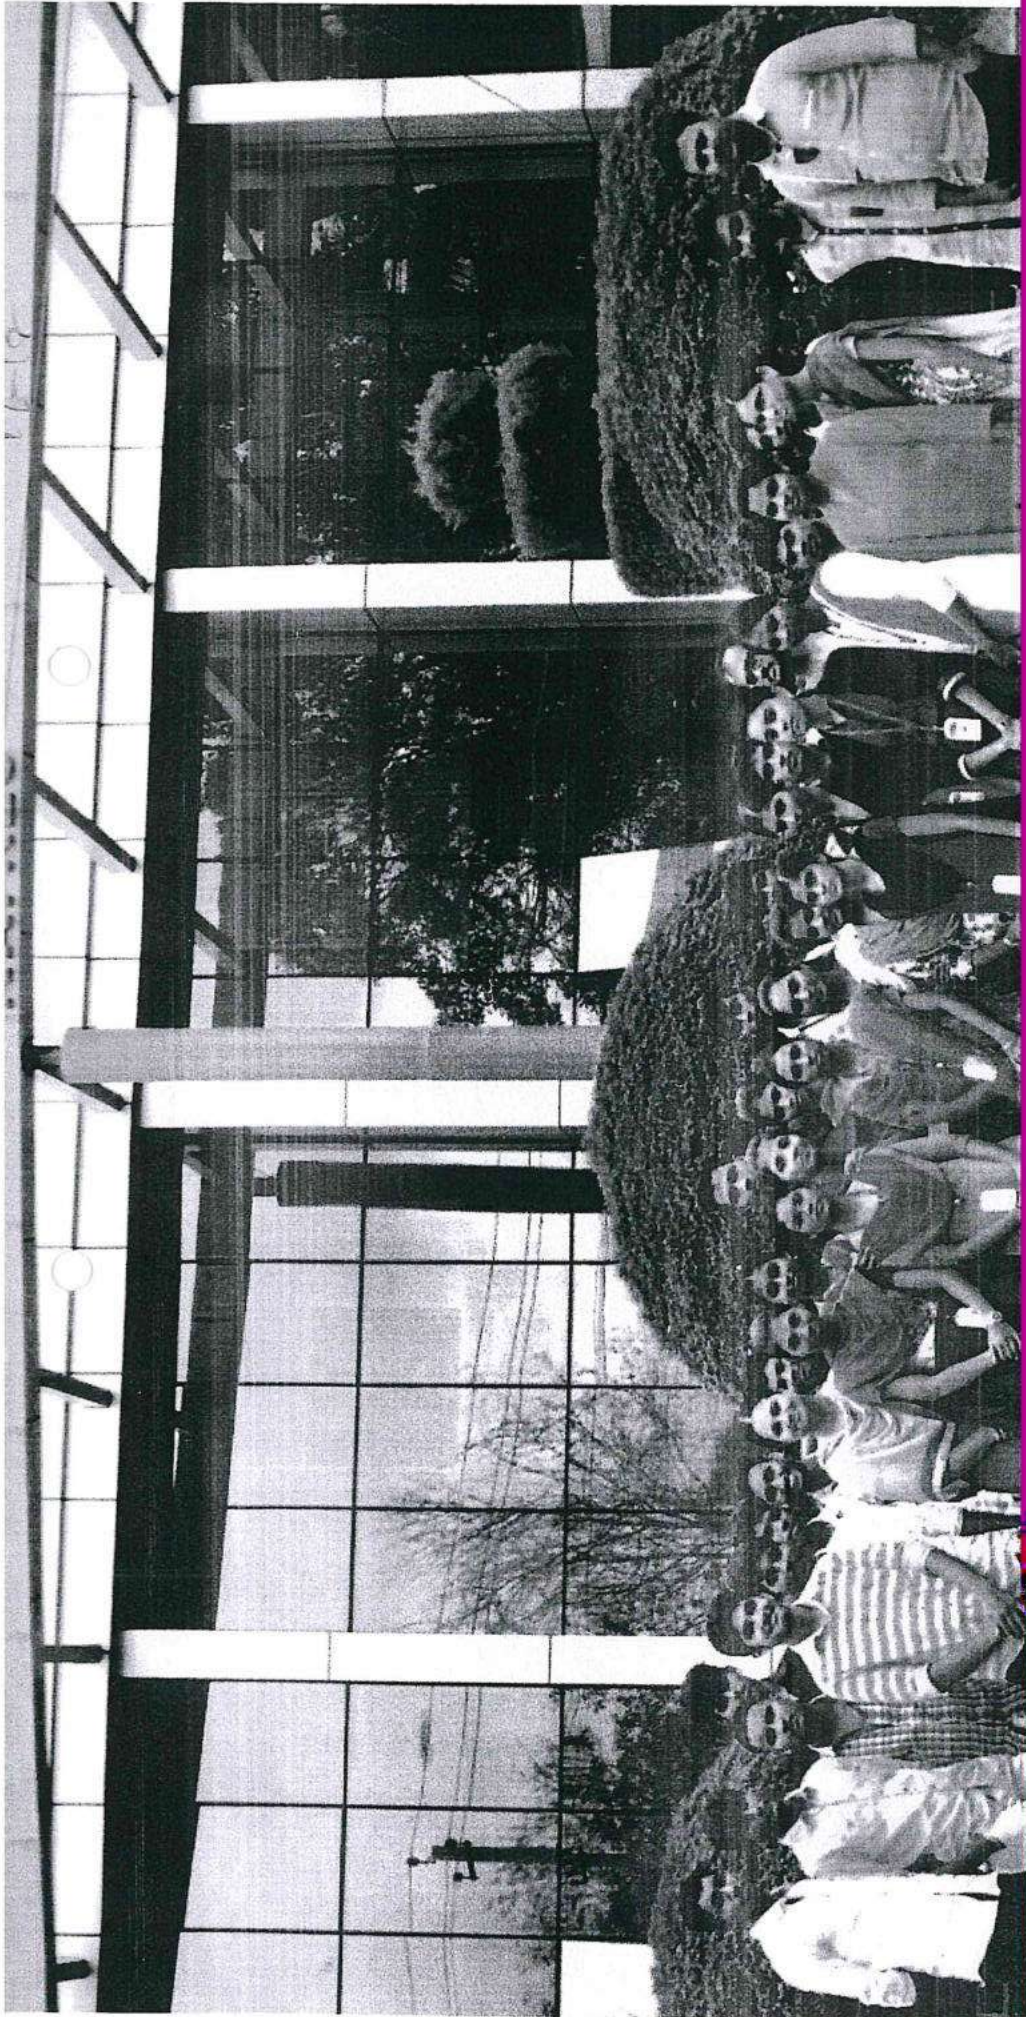

We left the company by 4:30pm after that we move on to **shopping section** at the time of 5:00pm.Then we had our dinner by 8:00pm. At the time of 9:30pm we started returning to our college.At the time of 6:00am (16.6.2017)we have entered into the college safely.
