No. of Days : 14 days (II Year) – 2 days for each class
14 days (III Year) – 2 days for each class

Venue : ECE Seminar Hall & EEE Seminar Hall

Materials : Handbook (Photocopied)

Tools Used : PPTs, Audios & Videos

PRINCIPAL,

ENGINEERING AND TECHNOLOGY,

Students were given the Basic Communication Skills and Advanced Communication Skills Training with the support of a photocopied Handbook which covered the essential contents of the training. The sessions were mixed with PPTs, Activities, Interactions, Audio & Video Clippings, etc. They were grouped with different teams and all of them had a chance to come out for participation. Some of them were motivated if they have any hesitation to speak. They were also given complete freedom to make fun, pass comments loudly and speak comfortably. On the whole, all the students enjoyed the amicable ambience.

Findings:

Positives:

- Good attendance record
- Everyone maintained discipline, punctuality and dress code
- Everyone enjoyed the freedom and the comfort
- Many students were very much interactive
- Many actively participated in all the activities
- 90% of students were very receptive
- Everyone realized the importance of the Communication Skills
- Many came out of stage fear and talked on stage

Negatives:

- Not updated with the current affairs
- Not volunteer participation
- Hesitation to mingle and discuss with new friends
- Not regular Speaking practice
- Very average in vocabulary

Suggestions:

- Students should be given continuous speaking practices
- Awareness should be created on updating the current affairs
- A perfect platform should be created to show and improve their ability

The Next Plan

As per the directions given by Dr. R. Nandakumar sir, 15 students from each class have been identified. They have to be taken out during their S2D Classes, we should create a space and healthy competition among those creamy students. Approximately 100 students from II Year and 100 students from III Year can be moulded effectively to perform well in their Campus Interviews.

 Thanking you,

Yours truly,

 16/8/18

Dear Sir,

In the completion of the Placement Training Programme for II & III Year Students, I submit you the detailed Report with my findings, suggestions and next plan to proceed. The details of the Training Programme are mentioned below for your kind reference.

No. of Classes : 7 (II Year)
7 (III Year)

No. of Days : 14 days (II Year) – 2 days for each class
14 days (III Year) – 2 days for each class

Venue : ECE Seminar Hall & EEE Seminar Hall

Materials : Handbook (Photocopied)

Tools Used : PPTs, Audios & Videos

PRINCIPAL,
K. S. R. INSTITUTE FOR
ENGINEERING AND TECHNOLOGY,
K. S. R. KALVI NAGAR,
TIRUCHENGODE-637 215,
NAMAKKAL DI, TAMIL NADU.

Students were given the Basic Communication Skills and Advanced Communication Skills Training with the support of a photocopied Handbook which covered the essential contents of the training. The sessions were mixed with PPTs, Activities, Interactions, Audio & Video Clippings, etc. They were grouped with different teams and all of them had a chance to come out for participation. Some of them were motivated if they have any hesitation to speak. They were also given complete freedom to make fun, pass comments loudly and speak comfortably. On the whole, all the students enjoyed the amicable ambience.

Findings:

Positives:

- Good attendance record
- Everyone maintained discipline, punctuality and dress code
- Everyone enjoyed the freedom and the comfort
- Many students were very much interactive
- Many actively participated in all the activities
- 90% of students were very receptive
- Everyone realized the importance of the Communication Skills
- Many came out of stage fear and talked on stage

Negatives:

- Not updated with the current affairs
- Not volunteer participation
- Hesitation to mingle and discuss with new friends
- Not regular Speaking practice
- Very average in vocabulary

Suggestions:

- Students should be given continuous speaking practices
- Awareness should be created on updating the current affairs
- A perfect platform should be created to show and improve their ability

The Next Plan

As per the directions given by Dr. R. Nandakumar sir, 15 students from each class have been identified. They have to be taken out during their S2D Classes, we should create a space and healthy competition among those creamy students. Approximately 100 students from II Year and 100 students from III Year can be moulded effectively to perform well in their Campus Interviews.

 Thanking you,

Yours truly,

 16/8/18

Dear Dr Gopalakrishnan Sir,

Greetings from FACE - Focus Academy for Career Enhancement, An IIM Graduates' Enterprise & India's Largest Skill Development Organisation.

Hope things are going great at your end; it was indeed a great pleasure interacting with you at your office. I sincerely thank you for giving us an opportunity to better understand your requirements. Please find the significant points discussed during the meeting below.

- We discussed the Robotics Process Automation Course by Automation Anywhere University that could be planned for our students.
- We discussed the whole process of the AA University in setting up the Centre of Excellence.

We sincerely appreciate the effort taken and interest expressed by you and your institution for being a part of this novel initiative towards creating a sustainable ecosystem to train students on RPA.

As discussed, we along with Automation Anywhere University are keen on setting up a Center of Excellence at your esteemed institution which does not involve any financial investment from the institution.

To initiate the COE setup we would want all your final year and pre-final year students to take up the online course hosted by Automation Anywhere University. For which we request you to share the student details for creating login credentials in the attached format.
