Brief Report of the Program	<p align="center">Report of the Event</p> <ul style="list-style-type: none"> Alumni Webinar was held on 27.04.2020. Initially in the address, Ms.V.NETHRAVATHI shared the following information. Today's students need to be prepared to communicate electronically with audiences throughout the world. Since email may be their first (and perhaps only) contact with someone, students must understand how the effort they put into their email will create a positive (or negative) impression. Despite English being the lingua franca of the scientific/business world, email writers need to be aware of culturally appropriate greetings and signatures. In addition, adopting the appropriate tone in email discourse is very important to the reception and successful interpretation of the intended message. The email writer is stressed as crucial to the accurate receipt of the writer's message; therefore, students learn the effect of tone and linguistic choices on different audiences.

Brief Report of the Program

Report of the Event

- Alumni Webinar was held 28.04.2020. Chief guest **Mr.K. Mr.K. VASANTHAKUMAR** addressed the students and he shared the following points to the students.
- The IT industry is well known for its wide range of job titles which can make it hard for graduates interested in this sector to pin down exactly what people do.
- Software developers implement software solutions by building programs, applications and websites.
- Systems analysts examine existing IT systems and write requirement for new ones. They analyze how well software, hardware and the wider IT system fir the business needs of their employer or of a client.
- Business analysts are equally happy talking with technology people, business managers and end users.
- .Finally, students interacted and clarify their doubts from the chief guest.

VISION: To produce globally competitive Electronics and Communication Engineers and Entrepreneurs with ethical values

MISSION:

DM1: Impart quality education through student centric teaching and learning process.

DM2: Equip students with Industry driven skills by providing excellent Infrastructure and continuous interaction with academia and Industry.

DM3: Empower students towards research, entrepreneurship and lifelong learning to meet societal needs.

Gayathri D,
Senior Test Engineer,
Wipro Technologies.

- Earned a Bachelor Degree in the stream of Electronics and Communication Engineering at K S R Institute for Engineering and Technology.
- Worked as a Senior Project Engineer at Wipro. Software is my profession and Dance is my passion. Over the few years in the IT Industry, I have experienced team building, management consultation, professional development and implementation.
- I enjoy using my skills and efforts to contribute technologically to fulfill customer requirements.
- I am very good at communicating and sharing knowledge which is the main key for my career growth and success which always reminds me of "Keep Learning-Follow your own path the right way, the better way".

One Day Seminar on “Copyright and Patents”

Academic Year : 2017-2018 (EVEN)

Date : 14.02.2018

Report

This report is regarding about the Seminar from Mr. T.Gowtham, Shift Lead, Wipro Technologies, Chennai. Mr. T.Gowtham started by explaining the Intellectual property right (IPR) is the rights granted to the creators of intellectual property and includes trademarks, copyrights, patent, industrial design rights and some jurisdictions and trade secrets. Rather than protecting possessions, intellectual property law protects exclusive rights to use or reproduce the intellectual property (IP). Copyrights protect expression while patents protect inventions and neither protects ideas. The seminar on IPR created great awareness among students about the important concepts related to IPR, copyrights and patent issues. The programme included discussions on the importance of IPR and their protection, an overview on copyright systems in India, identification of IP, patenting tools, procedure, etc.

A handwritten signature in green ink, appearing to be 'T. Gowtham', is written over the stamp.

Sir,

Warm Greetings.

We would like to conduct a **Workshop on** "Project based learning using Raspberry-Pi kits" for the benefit of KSRIET students on 11.07.15 & 12.07.15. In this regard we like to invite, you to be our resource person and discuss your valuable ideas and guidelines to the students. We hope you would be able to fit this event in your busy schedule. We expect your support and reply.

Thanking you,

Yours Faithfully,

VISION: To produce globally competitive Electronics and Communication Engineers and Entrepreneurs with ethical values

MISSION:

DM1: Impart quality education through student centric teaching and learning process.

DM2: Equip students with Industry driven skills by providing excellent Infrastructure and continuous interaction with academia and Industry.

DM3: Empower students towards research, entrepreneurship and lifelong learning to meet societal needs.

Summary

- ❖ More than 6 years of experience in Embedded Development and Training.
- ❖ Currently working as a Technical Engineer @ Enthu Technology Solutions India Pvt Ltd-Coimbatore.
- ❖ Involved in Training faculties and Students in tools like Matlab and its Toolboxes, and Simulink.
- ❖ Proficient in Embedded Systems Product Development
- ❖ Proficient in Matlab coding and development of various compression algorithms.
- ❖ Experience in Matlab to Hardware link and Code generation.
- ❖ Exposure on Signal and Image Processing and implementing various algorithms using computational intelligence techniques (Fuzzy, Neural).
- ❖ Exposure on Power Electronics in Power quality improvement and drives control.

Area of Interest

Embedded Systems, Signal processing, Image Processing, Power electronics and control systems.
