Brief write up about the program:

- World Environment Day is celebrated on June 5, annually to encourage awareness and environmental protection.
- The purpose of World Environment Day is to spread awareness about the threat to the environment due to rising pollution levels and climate change
- The theme for World Environment Day 2021 is "Ecosystem Restoration"
- The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises, and communities in preserving and enhancing the environment.
- Ecosystem restoration can take many forms: Growing trees, greening cities, rewilding gardens, changing diets or cleaning up rivers and coasts.
